WE BRING EFFICIENCY TO LIFE

Since 1962, Crystal Group has been enthusiastically accepting the changing demand of the customers. Our Cold storage Warehouse is a state-of-the-art facility for storing temperature-sensitive goods. With advanced cooling systems and strict hygiene protocols, we ensure optimal conditions to preserve the freshness and quality of perishable products.

After looking at the need for temporary cold storage at the customer's location, we introduced a portable cold storage container solution on a pay-per-day basis. This solution has been in high demand due to its convenience in providing temporary storage solutions for raw materials. We provide various sizes and customization as per the client's needs.
