

# Delivered a 40-ft Reefer with Anteroom in Just 7 Days for a Large Quick-Commerce Player's Biggest Festive Sale

Swift Setup

Includes Anteroom

Rack storage

## THE CHALLENGE:

- Ahead of the **Big Billion Day Sale**, Client expected a massive demand surge in frozen & food products – especially **ice creams, desserts, and frozen snacks**. But faced critical operational gaps:
- Limited cold storage capacity at **Ahmedabad and Pune hubs**
- A short window of time While sale approaching fast
- Requirement only for **3 months, not long-term CAPEX**
- Need for safe & compliant temperature-controlled space
- They needed instant, flexible, rental-based cold storage, **without construction**, without delay.

## OUR SOLUTION:

- Crystal deployed **2 x 40ft Dual-Machine Reefer Containers** on a 3-month rental model, one each at: Ahmedabad & Pune
- The reefers were delivered, installed, powered and made fully operational in just **7 days from approval**, ensuring client could pre-stage frozen inventory before the **Big Billion Day** kickoff.

### Accessories Installed (Full Cold Room Experience)

- Dual-machine redundancy (Near-zero downtime)
- Flameproof LED lights
- Strip curtains
- Anti-room internal zone
- Cold storage racks
- Safety man-trap system
- Rapid temperature pull-down and stability

## Results That Made the Difference

- Efficiently store, organize, and **dispatch frozen food SKUs in advance** of the Big Billion Day sale
- Reduce product spoilage, maintain temperature integrity, and avoid **costly stock-outs during the peak shopping rush**
- Eliminate **heavy upfront CAPEX by renting plug-and-play** cold chain infrastructure instead of investing in permanent facilities
- Go live instantly with scalable solutions, deploying capacity anytime, anywhere, based on demand
- Ensure consumers across India received fresh, frozen, and ready-to-eat products during the highest-volume shopping week of the year, securing **customer satisfaction and repeat sales**
